## Another light

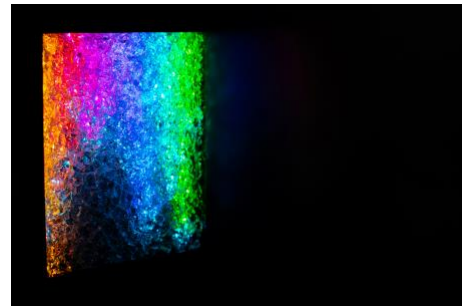

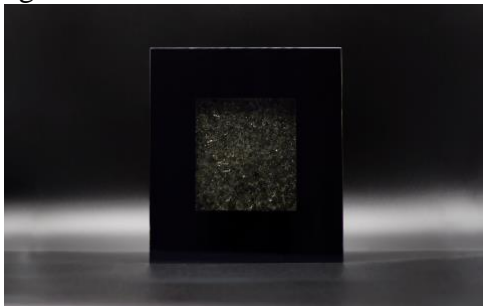

### Dream's Mirror Illuminator

Slim wall illuminator composed of a one-way reflection mirror (on one side it acts as a mirror on the other as a normal glass) and by a prismatic lighting system.

Very simple, clean, it only needs to be connected to the main voltage (via plug).

Through the app you can switch it on, change the color of the light, its intensity or add special effects. It can follow music beat by an internal microphone producing various types of graphic bars or countless lighting effects.

Dimensions: 30 x 30 cm x 4 cm  
Low consumption: 50 Watt  
Power supply 5Vdc  
Accessories: remote control  
Dimensions: 300 mm x 300 mm  
Thickness: 40 mm
